4. No king may give us orders now,  
For we're unbound and free  
We mind no borders, that's our vow  
We're filled with pride and glee

Hoist the sails, mates of liberty...

5. Adventure is what lies ahead  
And treasures all unknown  
To conquer it we fear no dread  
We call the world our own

Hoist the sails, mates of friendship...

6. Whatever comes in our way  
Whoever is within  
We fight for our heart's desire  
Together we will win

Hoist the sails, mates in spirit...

7. The times we're heading for are rough

We trust each others' hand

Hoist the sails, mates of amity...

9. All of our fates are fast entwined  
We're one in love and strife  
Our souls are mates forevermore  
We sail the tides of life

Hoist the sails, mates of unity...
